Great Sound Runs In The Family

We designed Proficient Protege Cabinet Loudspeakers for today's listen environments. Before we put pen to paper, we researched emerging audio technologies like Dolby Atmos® and DTS:X® and took a hard look at the way homeowners want loudspeakers to look and play in their homes. The result is a complete line of speakers built to sound great in any system in any home—and to look really good in any room.

Our Dolby Atmos® enabled speakers

Our Dolby Atmos enabled loudspeakers reflect sound off the ceiling for immersive Dolby Atmos and DTS:X surround sound. Features a slanted speaker baffle, 5" graphite woofers, 1" silk dome tweeters and 60 watt power handling. The LDA5 features a matte black finish, removable black grilles with neo-magnets and integrated flush mounted single-slot wall mounts. Designed to sit on top of the LFS6 or LB62, or mount on the wall below the ceiling.
