sHR200

SpeakerCraft Control System Rediscover the First Choice in Sound.

Introducing the SpeakerCraft sHR200, a sleek extension of the intuitive SpeakerCraft MRA-664 control system. It features all of the function of a touchscreen packaged in a contemporary styled remote weighing in at a mere 6.4 ounces.

It's artistically sculpted and ergonomically designed to feel extremely comfortable in your hand with a balanced grip. "Instant-on" means you are always ready for full use, triggered by a built-in accelerometer that instantly turns on the remote when you pick it up. Plus, integrated Wi-Fi ensures access to rich content information and control flexibility.

The real benefit is in the flawless integration of the 2.4" Active Matrix LCD touch display, with a tactile button array for a perfect blend of feedback and control. The Lithium Polymer battery powers the remote for up to ten hours of continuous use and up to 14 days on standby. A stylish charging base is included and keeps the SpeakerCraft sHR200 in a handy upright position—ready to grab-and-go with minimal storage space.

Pick up a SpeakerCraft remote control and quickly fold it into your existing installation. It includes all the popular buttons to make media system management a breeze, an efficient instant-on Wi-Fi transceiver with remarkable range, and outstanding battery life. This remote will instantly become your favorite hand held interface.

FEATURES:

- All the speed, response & graphics of a touchscreen
- Controls AV sources with metadata feedback for supported devices
- Plug and play operation with SpeakerCraft Software
- 46 backlit tactile buttons for common functions found on today's audio/video sources
- 2.4" LCD display
- Accelerometer for activating LCD or backlight
- Slim profile for ease of use and comfort
- Uses instant-on Wi-Fi for communication
- Plug and Play - No Programming
- Supports all drivers that operate on other SpeakerCraft interfaces
- Ships standard with battery, charging base, power supply, and USB Cable
